Acknowledging the Contributions of Julian Leeser MP

The Hindu Council of Australia is a proudly non-partisan organisation dedicated to serving the interests and well-being of Australia's Hindu and broader South Asian communities. We engage constructively with all sides of politics to advocate for issues that matter to our community.

In that spirit, we wish to recognise the significant contributions of **Julian Leeser MP**, the Federal Member for Berowra, who has demonstrated a sincere commitment to our community's evolving needs.

Over the past term, Julian has worked closely with the Hindu Council of Australia and many other cultural organisations on meaningful initiatives, including:

- Becoming a trusted friend of the Hindu community and listening attentively to our concerns.
- Chairing the Parliamentary Friends of India to promote deeper bilateral engagement.
- Standing against incidents of Hindu phobia, including persecution of minorities in Bangladesh.

These efforts reflect a deep respect for Hindu values and recognition of the vital role our community plays in Australia's multicultural society.

As we approach the next federal election, we acknowledge Julian's continued engagement and support. We also reaffirm our commitment to working collaboratively with all elected representatives, regardless of party, to advance harmony, inclusion, and opportunity for all Australians.
